DATE: April 6, 2009

TO: Medical Professional Liability Insurers

RE: Medical Professional Liability Rate Guide

Pursuant to §2-303.2 and §19-112 of the Insurance Article, the Maryland Insurance Administration ("MIA") hereby requests each medical professional liability insurer that offers medical professional liability insurance policies in Maryland to provide information related to medical professional liability insurance premiums for the following:

- For healthcare professionals (physicians and surgeons);
- For hospitals, medical day care centers, hospice care programs, assisted living programs, and freestanding ambulatory care facilities;
- For dental healthcare professionals;
- For nursing and certain allied health professionals.

NOTE: If your company did not receive this bulletin directly from the MIA, or your company does not have medical professional liability insurance written premium for the year 2008, **NO FURTHER ACTION IS REQUIRED ON YOUR PART.**

These rates should be the base rates charged by class and by territory for policy limits of \$1,000,000/\$3,000,000 based upon mature claims-made rates, with a clean claims history. Please provide the premiums as of October 1, 2009.

This information is necessary for the MIA to publish a medical professional liability rate comparison guide in accordance with §2-303.2 of the Insurance Article. The comparison guide will be posted on the MIA website and distributed in electronic and printed format.

The requested data should be provided in the required format (see attached). Please submit your data via email. Electronic submission is mandatory. No paper documents will be accepted. Data should be submitted to: lglemza@mdinsurance.state.md.us.

For questions, please contact Mr. Linas Glemza at (410) 468-2044.

In addition, please refer to the Summary of Revision page for a listing of revisions to this request.

Please provide this information no later than Monday **August 3, 2009**.

Maryland Medical Malpractice Rate Guide Specifications

October 2009 edition

SUMMARY OF REVISIONS TO SPECIFICATIONS

These are revisions to the specifications and reporting requirements from the prior edition.

The following apply to certain specific classes:

1) MIA Class code 80282 has been, in the past, incorrectly labeled as Cardiovascular Disease – Minor Surgery. The correct description for this class code is Dermatology – Minor Surgery. This revision is reflected in the spreadsheet.

As a side note, MIA Class code 80281 is Cardiovascular Disease – Minor Surgery. This class code is retained, and there are no changes to it.

2) MIA Class code 80297 has been listed twice in the spreadsheet – 1) Dermatology (OLD MIA sort code 100) and 2) Dermatology w/Liposuction (OLD MIA sort code 122). Dermatology (OLD MIA sort code 100) has been deleted with no replacement. This revision is reflected in the spreadsheet

3) MIA class code 80252 – Rheumatology – No Surgery was listed twice. The second one (under OLD MIA sort code 121) has been removed. This revision is reflected in the spreadsheet.

Other revisions:

4) A new MIA sort Code is being implemented, and is for MIA internal purposes ONLY. The Old MIA Sort code will be retained for the year 2009 only, and then deleted for 2010.

5) Type of Class code has been permanently removed.

6) For Physicians and Surgeons, OLD MIA sort codes of 121 and 120 were used. These were for certain classes only. These classes are being integrated into the regular physicians surgeons classes via the new MIA sort code.

7) Company class code is no longer required but is optional.

8) The spreadsheet has been split up into additional spreadsheet tabs based on types of classes. Please refer to the spreadsheet.

9) Healthcare Facilities has gone through some major revisions. Please refer to the spreadsheet.
